July 26, 2017

**TO:** Chief Executive Officers  
Chief Instructional Officers  
Chief Student Services Officers  
Chief Business Officers

**CC:** Mario Rodriguez  
Vice Chancellor, Finance and Facilities

**FROM:** Van Ton-Quinlivan  
Vice Chancellor, Workforce & Economic Development

**SUBJECT:** Strong Workforce Program District and Region Allocations for Round 2: 2017-18

With [Round 1 of Strong Workforce Program investments](#) in motion to create 'more and better CTE' courses, programs and pathways, we know that colleges and regions are busy reviewing data, implementing plans, and focusing on outcomes.

The focus on student outcomes could not come at a better time. As you are aware, we have a new statewide [Vision for Success](#) adopted by the Board of Governor that outlines six ambitious goals to meet California's needs and calls for the California Community College system to achieve these outcomes by 2022.

While all six goals focus on greater student attainment, the bolded ones stand out in their direct relationship to the use of Strong Workforce Program dollars:

- **Increase by at least 20 percent the number of CCC students annually who earn degrees, credentials, certificates or specific skill sets to prepare them for an in-demand job;**
- Increase by 35 percent the number of CCC students transferring annual to a UC or CSU;
- Decrease the average number of units accumulated by CCC students earning associates degrees, from approximately 87 total units (the most recent system-wide average) to 79 total units – the average among the quintile of colleges showing the strongest performance on this measure;
- **Increase the percentage of CTE students who report being employed in their field of study from 60 to 69 percent – the average among the quintile of colleges showing the strongest performance on this measure;**

- **Reduce equity gaps across all of the above measures through faster improvements among traditionally underrepresented student groups, with the goal of cutting achievement gaps by 40% within 5 years and fully closing those achievement gaps within 10 years.**
- **Reduce regional achievement gaps across all of the above measures through faster improvements among colleges located in regions with the lowest educational attainment of adults, with the ultimate goal of fully closing regional achievement gaps within 10 years.**

As you consider how to invest Round 2 of Strong Workforce Program funds, we encourage you to braid these critical dollars to deliver 'more and better CTE' that propel towards these outcomes.

Attachment A outlines a breakdown of Local Share and Regional Share allocations for 2017-18 (pending BOG approval).

The state budget provided \$248 million (i.e., \$236M after the 5% state leadership/operation is removed) as compared to last year's \$200M. However, as required by statute, 1/6<sup>th</sup> is being held until January 2018 awaiting college's annual MIS data submission that is the basis for calculating the positive incentive as recommended by the [17% Committee](#). What remained was distributed based on statutory factors, with a 60% local to 40% regional fund split:

- CTE full-time equivalent students – 1/3<sup>rd</sup>
- Unemployed adults – 1/3<sup>rd</sup>
- Job openings – 1/6<sup>th</sup>
